## From Scoop's Notebook

Warren Bittorf spent a very enjoyable week at the Pigeon Lake Youth Camp. The following week Ben Bittorf and Dale Campbell attended the same camp.

None from the highest is Ted. Oscar, A.S.P.C., who is stationed on H.M.C.S. Bonadventure, a 20,000 ton Alcatraz Carrier.

which is stationed on the east coast of the U.S., has been on a recent cruise down the east coast of the U.S., taking in Norfolk Virginia, Providence, R.I., New York City and Boston. Young Oscar says he likes the air conditions in Drayton Valley district much better than the east coast of the U.S., as it is so humid there.

From the same ship, the good ship Bonadventure, also is visiting David McLure visiting with his parents, Dr. and Mrs. Mc-

lure. David has two weeks leave, but Ted has three weeks in which to visit his parents Mr. and Mrs. Les Oscar, of Eastford.

The Army's Layton Lomtrap has also been a recent visitor in Drayton Valley. Layton has been visiting his mother Mrs. Holman.

NEED LEARNERS FOR AMA COURSE (Cont. from page 7, Col. 3) tion forms and can be reached at 942 - 3328 or 942 - 3247 for further information.

The course costs \$40 for adults plus the AMA membership of \$12 and \$25 for teenagers plus the membership.

## CANOEISTS CAMP HERE

Twenty-three boys, with their director Grant McKee, Y.M.C.A. secretary, and assistant director Ken Dewar and Jack Groff, all of the Edmonton Y.M.C.A., camped on the banks of the Saskatchewan River beside the bridge last Tuesday week on their canoe trip down the river from Rocky Mountain House to Edmonton.

Eleven canoes brought the boys down from Rocky Mountain House which was the starting point for the trip. They had started in Rocky Mountain House on Sunday, July 30th and had reached this area by Tuesday, August 1st.

The boys expected to arrive in Edmonton at 10 a.m. Saturday morning while members of the press, radio and television would be awaiting them.

The trip down the river has been a successful one for the boys and they had a great time.

Hasn't hunting is the only sport in which the animal that gets caught has to buy the license.

## Ladies Ball Tournament

LEGIONNETTES LOSE HEART-BREAKER By Mike Gormley

The Drayton Valley Legionettes were a dejected crew as they hit the long wearhouse road home last Sunday evening, and they had good reason to be sad and forlorn.

The local girls, scarcely nine in number, had just been beaten out of the Provincial Play downs in a round robin series at Barhead. In fact it was so close that the issue was decided by a run in the bottom of the seventh and final inning to give Barhead a 12-11 victory. It was the third

straight game of the day for the "Rainful Nine" and truly it was a case of the spirit being willing but the flesh weakened under the unreasonable strain. The girls played their heart out and seemed to run the game in that desperate hour of need.

In the first game of the series the Legionettes went against Highvale in a close and exciting game. The D.V. team got off to a shaky start and dropped the one by a narrow 15-16 score. The highlights of this opener were some outstanding pitching by Jean Hallett and a homerun by Borg Boger who played tremendous ball for the "Valley" team all day long.

(Cont. on page 3, Col. 4)

## COUNCIL MEETING

A summary of the minutes of the regular meeting of Council held on the 10th, August 1961 at 8:00 a.m.

The meeting convened at 8:00 a.m. with only four councillors in attendance, the absent members being unable to attend due to holidays and business. In the absence of the Mayor and Deputy Mayor, Councillor C.D. Pahr was elected to take the Chair for the meeting.

The minutes of previous meetings were read and on motion, of adoption were adopted as read. The Financial Statement was examined and discussed and a motion was passed approving of same and accepting it for entry in the records.

(Cont. on page 10, Col. 1.)

## Police Report

R.C.M.P.

In Police Court recently R.C.M.P. Officer charged nine with illegal possession of liquor, in each case a fine of \$10, plus costs was levied.

Seven minors charged with obtaining liquor were fined, with fines ranging from ten to fifteen dollars. Four were charged with conveyance of liquor in a vehicle and were each fined twenty-five dollars plus costs.

For failing to stop at a stop sign five were fined, and for speeding

(Cont. on page 10, Col. 3)

## District Personalities

LUCILLE MARGARET BROWN

Photo by Curt's Studio

This week's personality is Lucille Brown, who is employed in the post office. Lucille was born in Drayton Valley township. She is the third eldest daughter of Mr. and Mrs. Clyde Brown, who were homesteaders in here. Lucy took all her schooling here in Drayton Valley, and was raised in this district.

She loves to ride horses and was one of the first members of the Gymkhana Club when it was organized in this district last year. The local Gymkhana now claims some forty-five members, and Miss Brown is among the most enthusiastic.

She has been given the honor of being elected to represent the local Gymkhana club in the province wide Gymkhana Queen contest which is now being conducted. She will be competing against

Gymkhana clubs from all over Alberta. The provincial Gymkhana show will be presented in the Edmonton Gardens on Monday, September 4th. The contest winner for Queen will be announced at the same time. We all hope that Lucille will bring the honor to Drayton Valley. Tickets are on sale, with each ticket representing 10 votes. Tickets for "Lucille for Queen" can be gotten from any Gymkhana member, from the Valley Drug store, the Royal Bank, Steve Rodin, as president of the local club, or from Bill McGee at United Electric.

Lucy's mother works in the Hotel as room-maid, and her father works in the Bay at cannery. She says her favorite recreation outside of riding horses is dance. She is going steady. She states that her favorite reading is the P.N.A.

## DONKEY BALL

An hilariously funny game of Donkey Ball was conducted on Friday, August 4th, out at the Ball Diamond when Chas. Durham's Donkey Ball Show came to Drayton Valley. The show was from Crescent Oklahoma, and field manager Jiggs Adams who was looking after the show here the other night spoke with the very much Oiled Oklahoma accent. He was delighted with the turnout of local and district folks which was very, very, good, with well over six hundred persons paying their way into the grounds.

The rules of kindness forbid us to identify this Donkey Ball Player who has just but the dent in his attempt to make him first. In the background is star player Red Pahr.

Staff Photo Oilwell Supply's Harold Blakey rides his donkey to home base for one of the winning "Oiled-Times" scores.

The game was conducted between a team which for want of a better name was called the "Oiled-Times"

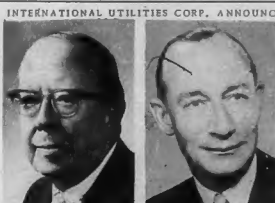

and the Legionnaires. Object of the game was that all players, all over the field, no matter what position, had to be astir.

H.R. Milner

D.K. Yorath

J.C. DALE

Following a meeting of the Board of Directors of International Utilities Corporation held in the company's offices in Toronto, Ontario, Aug. 3, Howard Butcher III, president of the company, announced that H.R. Milner, O.C., of Edmonton chairman of Northwestern Utilities, Limited, Canadian Western Natural Gas Company Limited, and Canadian Utilities, Limited, had been appointed Chairman of the Board of International and that D.K.

Yorath of Edmonton, president of Northwestern Utilities, Limited and Canadian Western Natural Gas Company Limited, and J.C. Dale of Edmonton president of Canadian Utilities, Limited and Northwestern Utilities Limited, had been appointed vice-presidents of International Utilities Corporation.

Mr. Butcher pointed out that not only was a majority of the members of the Board of Directors Canadian, but that a recent list

of shareholders of record shows a larger number of owners of both voting preferred and common shares in Canada than in the United States. Of the common shares, there were 3,603 Canadian and 2,987 United States shareholders. Moreover, of the total outstanding both preferred and common shares, 47% were held in Canada and 49% in the United States. The remainder were held chiefly in Great Britain.

## COOKING MAGIC

Clean Cool Cooking with the Clean Blue Flame of GAS

Tested Recipes and Meat Planning Ideas Prepared for Pembina News Advertiser Readers by the Home Service Department of Northwestern Utilities, Limited. Sewing bowl used in one of these recipes quickly turns into company fare.

### COMPANY CHICKEN NOODLE BAKE

8 oz. wide noodles  
1 can condensed cream of mushroom soup  
2/3 cup milk  
1/2 up. poultry seasoning  
3-5 oz. pkg. cream cheese, softened  
1 cup (cream style) cottage cheese  
1/3 cup sliced stuffed green olives  
1/3 cup chopped onion  
1/3 cup chopped green pepper  
1/4 cup minced parsley  
3 cups cooked chicken or turkey, diced  
1 1/2 cups buttered soft bread crumbs

Cook noodles in boiling salted water till tender; drain; rinse in cold water. Mix next 4 ingredients heat. Beat cheeses together; stir in next 4 ingredients. Place HALF the noodles in 11 1/2 x 7 1/2 x 1 1/2 inch baking dish sprayed with HALF the cheese mixture, HALF the chicken, and HALF the soup. Repeat the layers. Top with crumbs. Bake in moderate gas oven (375°F.) 10 minutes or until heated through. Trim with pim eno stars. Let stand 10 minutes. Makes 10 servings.

### OVEN CREAM PRICASSADES

1 fowl, approx. 4 1/2 lbs.  
1/2 up. salt  
1/8 up. pepper  
3 tbsp. butter  
1/2 cup chopped celery  
1/4 cup chopped onion  
1 1/2 cups thin white sauce  
1/2 up. Worcestershire sauce  
1/2 lb. ground veal

Have fowl cut in sections for serving. Singe, wipe well with a damp cloth, dry and sprinkle with salt and pepper. Marinate in a heavy salt and brown flour, turning frequently (approx. 30 minutes). Remove fowl; add celery and onion and fry until golden brown. Remove from heat, return fowl to skillet, and pour the white sauce, seasoned with Worcestershire sauce over all. Cover and place in gas oven of 300°F. for about 1 3/4 hours (or until fowl is tender). Half an hour before done, deep small meat balls of ground veal into the gravy.

To serve, place fowl on platter and surround with meat balls and gravy. Serves 6.

### SUMMER SAVORY CHICKEN

3 lbs. chicken  
Pepper  
Salt  
2 tbsp. butter  
1 cup water  
1 cup sliced mushrooms  
1 medium sliced onion  
1 bay leaf  
3 cloves.

Disjoint chicken as for frying season with salt and pepper. Brown chicken in a skillet with 2 tbsp. butter. When chicken is thoroughly browned, add 1 cup water, sliced mushrooms, onions and slices. Simmer covered until tender (about 1 1/2 hours). Remove chicken to hot platter, and serve with thickened gravy and hot biscuits. Serves 4 to 6.

## AQUARIUM NEWS

The angler who considers a rod the luckiest in his tackle box can get tentative support for his belief from the curator of the Calgary Aquarium.

Elmer R. Taylor, who supervises the feeding of more than 100 species of native and marine and tropical fish at the Aquarium says that game fish men strike quickly and enthusiastically at meat that is red in color but are lackadaisical in taking paler colored pieces of food.

"This may substantiate the popular belief that a red lure will catch more fish than one of any other color," he said, "although other factors, such as the time of day, probably influence the Angler's 'luck'."

Game fish and other large species at the Aquarium are fed daily except Tuesdays and Sundays, and dine on diced raw heart meat and pieces of herring, smelt and cod fillets. The two days of fasting each week keep them from becoming overly fat and sluggish.

Smaller species of fish displayed at the Aquarium are fed at least once a day, and their young are often fed two or three times a day. Besides heart meat and shredded or minced fish, the smaller exhibits get an occasional meal of shrimp or clam. All rathens are regularly supplemented with vitamins.

Every effort is made to feed all species a diet as close as possible to the rations they would get in their natural state. Frozen shrimp or live minnow shrimp are imported to feed the rarer species such as sea horses and other marine animals, and live shrimp is newly hatched and live shrimp is at the aquarium to feed baby fish.

Personnel at the Aquarium trap houseflies for such surface feeding species as the butterfly fish, and in the culture waters or dig garden type worms to provide earth-birds with dietary pests.

According to Mr. Taylor, feeding sanitation has to be carefully maintained in order to assure the purity of the sea water which was brought to the Aquarium from the west coast to fill the marine fish tanks. All waste matter and uneaten food is removed before it

contaminates the water.

Feeding time which starts at 3 p.m. always brings larger than usual crowds to the Aquarium. Particularly interesting to visitors is the way several of the native pile in the game fish tanks can be fed directly from the aquarist's hands while fish will feed from the open palm, and sea turtles swim to the surface to take leaves of garden lettuce offered them as a substitute for fish as lettuce which they eat in their natural surroundings.

Admission to the Aquarium, located at 9th Ave. and 15th St. S. E. in Calgary, is free. Summer visiting hours are from 10 a.m. to 8:30 p.m. Monday through Saturday, and 12:00 to 8:30 p.m. on Sunday.

## NEW HOSPITALS

LEUC MUNICIPAL HOSPITAL AND NURSES' RESIDENCE

Approval has been given to the Leuc Municipal Hospital District #83 to build a 36 bed general hospital and a 16 bed nurses' residence in Leuc. It was announced today by The Hon. J. Donovan Ross, M.D., Minister of Health. This project will provide hospital services to the fast growing town of Leuc as well as its rural area which includes the new Edmonton International Airport.

The hospital will have a total capacity of 36 beds and 9 bassinets as well as labor room, recovery room and all related facilities. The hospital is designed with facilities for 80 beds to accommodate such an expansion at a later date. The nurses' residence will provide accommodation for 16.

The hospital will be of reinforced concrete with brick and tile exterior. The residence will be of frame construction with a similar exterior finish.

The estimated cost of the hospital is \$350,000. This will be financed by a \$100,000 construction grant shared equally by the Federal and Provincial Governments and the balance of \$150,000 will be borrowed by the district from the Alberta Municipal Financing Corporation. The Province will make the annual debenture principal and interest payments as they fall due over the next 30 years.

The estimated cost of the residence is \$87,500. This will be financed in a similar manner as the hospital with \$25,000 paid as construction grant and the balance of \$62,500, borrowed from A.M.P.C.

The building contract has been awarded and construction has just commenced. It is anticipated the hospital and residence will be available for use in mid 1962.

Mr. A. J. Taylor, of Leuc, is the hospital board chairman.

COLD LAKE JOHN NEIL HOSPITAL NURSES' RESIDENCE.

Approval has been given to The Women's Missionary Society of Cold Lake to construct a 16 bed nurses' residence.

## NEW HOSPITALS

(Cont. from page 4, Col. 3)

ence in Cold Lake. It was announced today by The Hon. J. Donovan Ross, M.D., Minister of Health.

The residence, will be built in the immediate vicinity of the existing Cold Lake John Neil Hospital. Construction will be of frame and stucco with some brick veneer exterior finish.

The estimated cost of \$75,000. Construction grants of \$24,000, shared equally by the Federal and Provincial Governments will be paid. The balance required of \$51,000, will be paid by the Province.

Construction is expected to commence in early August with occupancy slated for early 1962. Miss Jean Peters of Cold Lake is the hospital business manager.

CORONATION NURSES' RESIDENCE

Approval has been given to the Coronation Municipal Hospital District #99 to construct a ten bed nurses' residence. The Hon. J. Donovan Ross, M.D., Minister of Health, announced today.

The residence will be built adjacent to the existing Municipal Hospital. It will be of wood frame construction with brick veneer exterior finish.

The estimated cost is \$45,000. Construction grants totaling \$15,000, shared equally by the Federal and Provincial Governments, will be paid. The balance required of \$30,000 will be paid by the Province.

Construction is expected to commence in early September. It is anticipated the residence will be ready for use in mid 1962.

Mr. C.A. Soles of Silver Heights is the hospital board chairman.

ADDITION TO COALDALE COMMUNITY HOSPITAL.

Approval has been given to the Coal Dale Community Hospital Association to construct an addition to the hospital to provide for a raised capacity of twenty-five beds and improve service facilities. It was announced today by The Hon. J. Donovan Ross, M.D., Minister of Health. The increase in service facilities involves the pharmacy, laboratory, waiting room and utility rooms.

The addition will be of frame and stucco construction on concrete foundation and will conform in architectural design and outward appearance with the present hospital.

The estimated cost of the addition and alterations is \$100,000. Construction grants totaling \$50,000, shared equally by the Federal and Provincial Governments will be paid toward this project. The balance of the funds required will be paid by the Province.

The building contract has been awarded and construction is now under way. It is expected that the hospital will be available for use in mid-1962.

Mr. R.R. Noyes of Lloydminster is the hospital board chairman.

MEDICINE HAT-FORTY MILE AUXILIARY HOSPITAL

Approval has been given to the Medicine Hat-Forty Mile Auxiliary Hospital District #6 to construct a one hundred bed auxiliary hospital in Medicine Hat for treatment of the chronically ill. It was announced today by The Hon. J. Donovan Ross, M.D.,

Minister of Health.

ADDITION TO DUNSFAR MUNICIPAL HOSPITAL  
Approval has been given to the Dunsfar Municipal Hospital to add a new maternity ward to the hospital. It was announced today by The Hon. J. Donovan Ross, M.D., Minister of Health.

The maternity department will provide for nine beds, labor room, delivery room and nursery. The space in the hospital occupied by the maternity section will be used to improve service facilities in the hospital and provide an operating room, doctor's rooms and support surgery.

The addition will be of reinforced concrete with brick exterior. The estimated cost of the addition and interior alterations is \$100,000. Construction grants totaling \$50,000, shared equally by the Federal and Provincial Governments will be paid toward the project, the balance of the funds required will be paid by the Province.

The construction contract has been awarded and construction will start immediately. It is anticipated that the new accommodation will be available for use early in 1963.

Mr. J. Wilson, Jr. of Innisfail is the hospital board chairman.

VERMILION RIVER AUXILIARY HOSPITAL.

Approval has been given to the Vermilion River Auxiliary Hospital District #2 to construct a fifty bed auxiliary hospital complete with all facilities for treatment of the chronically ill in Lloydminster. It was announced today by The Hon. J. Donovan Ross, M.D., Minister of Health.

The hospital will be located on the Alberta side of Lloydminster. It will be operated by a board composed of Alberta newspapers but will admit nearby Saskatchewan residents on a priority basis.

construction will be of reinforced concrete with masonry exterior walls. The estimated cost is \$350,000. This will be financed by a \$200,000, construction grant shared equally by the Federal and Provincial Governments and the balance of \$150,000, will be borrowed by the district from the Alberta Municipal Financing Corporation. The province will make the annual debenture principal and interest payments as they fall due over the next 30 years.

The building contract has been awarded and construction is now under way. It is expected that the hospital will be available for use in mid-1962.

Mr. R.R. Noyes of Lloydminster is the hospital board chairman.

MEDICINE HAT-FORTY MILE AUXILIARY HOSPITAL

Approval has been given to the Medicine Hat-Forty Mile Auxiliary Hospital District #6 to construct a one hundred bed auxiliary hospital in Medicine Hat for treatment of the chronically ill. It was announced today by The Hon. J. Donovan Ross, M.D.,

Minister of Health.

The hospital will be located adjacent to and on the grounds of the present Medicine Hat Municipal Hospital. To avoid duplication of services and in the interest of economy, such services as radiology, laboratory, laundry, heating and maintenance will be purchased from the Municipal Hospital; by the same token, rehabilitation and increased medical records facilities will be purchased by the municipal Hospital from the Auxiliary Hospital.

Construction will be of steel and concrete with brick exterior walls and will conform in architectural design and outward appearance to the adjacent Municipal Hospital. The estimated cost of \$350,000. This will be financed by a \$400,000, construction grant shared equally by the Federal and Provincial Governments and the balance of \$450,000, will be borrowed by the district from the Alberta Municipal Financing Corporation. The province will make the annual debenture principal and interest payments as they fall due over the next 30 years.

Detail plans and specifications have been requested for final inspection. It is expected tenders will be called soon and construction will commence very shortly.

It is anticipated the new hospital will be available for use during the latter part of 1962.

Mr. Thomas Quast of Medicine Hat is the hospital board chairman.

## 4-H CLUBS

The growing popularity of 4-H Dairy Clubs was evident recently when a record number of entries were entered in the 14th Annual Provincial 4-H Dairy Show held in conjunction with the Red Deer Fair. The 1961 show sponsored by the Alberta Department of Agriculture and the Alberta Dairyman's Association, received a total of 38 entries in the calf class and 88 in the yearling class. These were approximately three times the number of entries competing in the first show.

Champion of this year's show was Brenda Young of the Springhawk Dairy Club, Calgary. Reserve championship was awarded to Wendy Robinson of the Eskine Club.

Individual class winners were Casey Kovacs of Rocky Mountain House in Junior Calf class, Brenda Young and Wendy Robinson who topped the other classes.

The George S. Bael Trophy for showmanship was captured by Jim Scott of Red Deer. Runners-up in that competition were Jean Geddie of Balzac and Ken Spicer of Carleton.

Hon. J. Percy Page, Lieutenant Governor of Alberta, attended the last day of the show and awarded the trophies and ribbons to the winners.

## Looking at Recreation

By: Michael Gensley,  
Recreation Director.

### RECREATION ROUNDUP

It is working around at that time of year when it's time for everyone to get back to work. In less than two weeks time our young men will be back in school for another year of intellectual endeavor, and a vast majority of our adult population will have their holidays behind them for another year. Another summer has almost gone, another vacation time is rapidly slipping away across this great country.

In the field of education at this particular time you frequently hear the familiar phrase, "beginning another year," or "another year ahead." Since the educational and recreational spheres are very closely related in many respects I think this is the appropriate time to plan, prepare and launch a community recreation program for the coming school year. While the people in education more or less cut off activities completely for the summer months of July and August, those in recreation keep things on the move the year around. There is, however, a marked decrease in activities during the warm season and while the recreational facilities do not shut down shop completely for a couple of months, his duties are generally considerably lessened to the extent that he can slow down a bit, relax and enjoy our beautiful Canadian summer.

Here in Drayton Valley it was what I would call a typical summer season as far as recreational activities were concerned. From mid-June on, things gradually settled down as one organization after another disbanded for the holidays. The two stalwarts of the summer program were baseball and softball. Even instead in those carefully organized and continuously programmed activities would as vacation time got underway. Of course the Rotary Community Park was a backbone of activity throughout the season, especially for the younger children. Even here there has been a marked decrease in attendance during the first half of August. The weather for the most part has been quite favorable and the wading pool was used to advantage especially during the earlier part of the summer. Many parents insist some to have taken off somewhat during the past month.

Right now we seem to be in sort of a lull before the season of an intense fall program begins. It is expected that all the leisure time activities that were of schedule last fall and winter will be in style again this season and perhaps something new could be added to the program. We are always open to any suggestion which might improve our program or benefit the community recreationally. One thing, however, there will certainly not be as many new activities during the coming term as there were last year except that some of the ex-

isting functions are dropped. I think that, with a very few exceptions we presented a very complete and well-rounded program last year and I would say that the organization and programming was extended to the limit. For a community of this size we had just about as much recreational activity as we could stand; any more and we would have been into that area called over-organization which if pushed too far can prove as fatal to a program as no organization at all. A happy medium must be reached in a well-balanced and well-proportioned program: a program that fills the recreational needs of a vast majority of the citizens; a program that is inclusive and democratic, and a program that serves both sexes and all ages. As a director and leader I will be happy if we can present as complete and diversified a program as last year. I would be happy to take over the plans for the coming season and I am certainly open to any suggestions in regard to the program. Just drop into the office, give me a ring at 543-3327 or drop me a line in the mail, one way or another I would be very pleased to hear from you and get your views on recreation in Drayton Valley. Remember it is your recreation program and the more ideas and suggestions we get the better and more complete program we will be able to develop.

### BASEBALL CHATTER:

The last fastest bow for a Provincial baseball championship for 1981 was dealt a fatal blow in Leduc last Sunday when the local Juventus nine went down to defeat ahead of the powerful Edmonton City League champions. The local side gave it all they had but that was not quite enough to cope with the Leduc forces who are generally considered the best juvenile team in competition in those parts in a long time and they should have no trouble carrying away the Provincial title.

The baseball season is certainly on the wane, however, there are a couple of important tournaments to be run off yet. The first of those will involve our juvenile and Pee Wee teams and will take place at Whitecourt next Sunday, August 30. The other tournament set for Drayton Valley on the weekend of August 27th will possibly be of more interest to local folks especially anyone involved or interested in the local Pee Wee set-up. The six local teams that made up the in-town Pee Wee League will go in to find out who will be the community champions and carry away the beautiful Stevenson Hardware Trophy.

### A YEAR HAS GONE:

On July 31 I completed my first year in the service of Drayton Valley as Recreation Director. It was an eventful, interesting, profitable and highly rewarding year as far as I was concerned. I enjoyed every minute of my work here and I am certainly happy that I came to Drayton Valley. I like the town, everyone here has been wonderful toward me and my work and I certainly have much to be grateful for. One thing, I certainly would not trade places with any director in Alberta today.

I certainly hope that the job I have done this far, has been neither as satisfactory as all concerned. At the outset of this second year, I hope to profit by some of the mistakes of these past twelve months yet better to be able to do my part in the promotion of the community recreation program during the coming year. I wish to sincerely thank the members of the Athletic Association, the Lions, the Rotary Club, the R.P.O. and the Legion and other clubs and organizations as well as the individual persons who gave me such wonderful backing and assistance in the promotion of the community's recreation program. If I have been a success here it is not my own doing but it is you, the wonderful people of Drayton Valley who have made me such. This topic would not be complete

you with "Antenne Madonna".

The local picture looks quite promising here this fall. Football will be played in the Pee Wee and Juvenile leagues. The local season plus the fact that a juvenile squad will be throwing around some weight on the local gridiron this year. There will be some Pee Wee teams competing on a local basis in an in-town league and a couple of teams will be competing the same sport. We will have one team from Drayton Valley and one team from Leduc. The teams will be the same as last year. The teams will be the same as last year. The teams will be the same as last year.

### PRO FOOTBALL PROGNOSIS:

The big boys are at it again, taking the first steps to decide who will be the next Grey Cup Champions. The horizon seems a bit hazy this year and with this interlocking schedule to even think of prognosticating will be asking for trouble, however, I will go out on the limb and call them to finish something like this: in the West, Edmonton, Calgary, Winnipeg, British Columbia and Saskatchewan. In the East, Ottawa, Toronto, Hamilton and Montreal.

### COMMUNITY LIBRARY HOURS:

10:00 - 12:00 a.m., 1:00 - 5:00 p.m., 6:00 - 8:00 p.m.

## The Chapel Hour

### THE DISCIPLINE OF DAMNED

Taken from "The Discipline of Life" by V. Raymond Edman.

UPH is continually beset by many dangers physical dangers as houses as well as on the highway or in the hospital; social dangers from within as well as from without; spiritual dangers from companions and customs as well as from carelessness or complacency. We cannot avoid dangers, even in the most sheltered circumstances; and our problem is detecting the danger and facing them, avoiding them if possible, but never ignoring them.

Illustrative of the discipline of danger is the experience of the mightiest monarch of his day, who preferred to identify himself with the servant of his people in the Land of Promise than to enjoy the honors and luxury of the world. At great personal sacrifice he left the court, to be content with the hard lot of a peasant in a country of desolation.

One would think that his sacrifice in leaving post and pleasure would have been sufficient for him, and for any servant of God, but that was not the case. There were perils and perils for him in the land, who could not bear to see God's cause prosper; and they hated especially Nehemiah, who had come to assume leadership for the discouraged builders of Jerusalem. Any servant of God in a place of responsibility is bound to be of prominent place might be, will have similar dogged and deceitful dangers. The Sabeans, Tobahs and the Arabian Gileads did not cease to exist when the walls of Jerusalem were completed; rather down the ages the leaders of the Lord's people have faced their cruel cunning contrivances.

There was the danger of intrigue (Neh. 6:1-6), in their machinations to do mischief unto Nehemiah they imposed a meeting in some hillside country to the walls. Their plausible purpose was to come to an understanding the one with the other, that all future difficulties could be avoided. Nehemiah saw a petition of compromise, whereby he would be implicated by his companions, or to capture him by guile.

Our critics and enemies always have sensible reasons for wanting to talk things over a bit. They are adept at raising questions and inflaming doubts. They want us to explain our convictions and our course of action not for their enlightenment and edification, but for our confusion. It seems that we should make an answer, that we should defend ourselves by explaining our motives and our methods, that we should set right the thinking of our opponents in one strong statement of fact, that we should dispel all our doubts by a declaration of our divinely appointed duty. But such is never

not was able to reverse the false declaration. The Lord Jesus knew the hidden bitterness of false accusation by enemies Pharisees and their unspoken following. The catchiest devil through beleaguering the chief of devils (John 11:30) "We found him following, following the nation and forbidding to give tribute to Caesar, saying that he himself is Christ a King. He stretch up all the people" (John 8:12). And who today has not had his motives misinterpreted, his methods maligned, his efforts endangered by insidious innuendo?

Nehemiah gives us the solution of this discipline. He says frankly, "There are no such things done as thou sayest, but those faithful shall out of these own heart" (Neh. 6:10) and thereafter he commits his cause to Him who is to judge righteously. We are to trust, and he is afraid (Neh. 13:15). We can say with David, "For I have heard the stander of many fears was on every side while they took counsel against me, they devised to take away my life. But I trusted in thee, O Lord I said, Thou art my God. My times are in thy hands; deliver me from the hand of mine enemies, and from them that persecute me. . . Let the living God be put to silence which speak glorious things proudly and contemptuously against the righteous" (Ps. 112:1-18, 18).

Intimidation follows unsuccessful efforts of Nehemiah (Neh. 6:10-14). The Enemy is persistent in his plot to undo the work of the Godly. Nehemiah was warned by the Me of his day, "Tat on meet together in the house of God how pious the farce Piece of Darkness can become" within the temple, and let us that the doors of the temple for they will come to play their game, in the night will they come to slay thee (6:10).

Down the ages men and women have stood in the place of danger for God; and their stand has been honored by Him, Gladden, with three hundred, faced the hosts of Midian and Amalek, that "lay along in the valley like grasshoppers for multitude" (Judges 7:13). Shammah stood his ground when all fled, "And the Lord wrought a great victory" (1st Sam. 31:2). As before the onslaught of a vast horde of Ethiopians, prayed, "Lord, it is something with thee, whether with many" (Cont., p. 3, Col. 1).

## COUNCIL MEETING

(Cont., from page 1, Col. 3)

The matter of a site for a new cemetery was brought up. It was reported that the local clergy had not yet been able to hold a meeting and would not be able to do so until sometime in September at the earliest. A motion was put forward and passed to table the Cemetery discussions until the September regular meeting.

A letter was read to Council from the Department of Public Works of the Province which pointed out the difficulty experienced to make payment on Water and Sewer bills before the middle of the month penalty deadline. Because of this they requested that Provincial Government bodies be given a thirty day time period in which to make utility bill payments prior to being penalized for tardy payments. Council accepted their explanations and passed a motion authorizing a thirty day period in which to make net payments on utility bills.

Mr. Mark Stagg, the Asst. Director of Town and Rural Planning attended the meeting for the purpose of advising Council with regard to setting up an Interim Control Measure whilst a new

General Plan is being formulated and approved by all bodies concerned.

Motions were passed directing that requests be made to the Minister and the Director for the making of the General Plan and for setting up the Interim Control Measures.

Council gave their approval on the plans for the Bulk Oil plant being set up for Imperial Oil Ltd. in Block 8 in the Town.

The letter requesting the closing of 48th. Street from 50th. Avenue south to 49th. Avenue was tabled until next meeting in order that Council may have time to think about the subject and examine the situation from the site itself.

A motion was passed to appoint Council as a Court of Revision to sit on any complaints or applications received before the 10th September regarding the new list of electors' enumerated and completed during the latter part of July 1961. The new list of electors' is now posted at the Town Office and has been since the 4th. of August 1961.

A letter as to a discussion of information regarding the forthcoming conference of the Canadian Good

Roads Association was placed before Council. A motion was passed authorizing that a representative be made to Canadian Good Roads Association as The Town of Drayton Valley's membership fee for 1961 - amount of fee \$50.00. Also Council authorized that Councillor C.D. Fule be appointed as the Town's delegate to the Conference to be held in Banff in September.

Council accepted the Fire Commissioner's offer to send trained personnel to instruct the Auxiliary Firemen this fall during the Civil Defence Fire Fighting Course.

The meeting adjourned at 11:30 a.m.

## POLICE REPORT

(Cont., from page 1, Col. 3)

seven were fined.

A charge of beating a board bill and that of two sleeping bags and two in trouble. They were in Lodgepole and left without paying their board bill and stole a couple of sleeping bags as they went. Local R.C.M.P. officers traced them to Athabasca and the Athabasca police were notified and brought the two into Drayton, where the two were taken to the local R.C.M.P. and then to the two to be tried in Mag-

istrate Hancock's court in Stony Plain. They were sentenced to a week in custody and ordered to make restitution of the board bill and sleeping bags.

## DRAYTON VALLEY MUNICIPAL POLICE

Drayton Valley Municipal Police, in Magistrate Hancock's Court in Drayton Valley charged one man with causing a disturbance in a public place. He was fined \$25.00 plus costs. The Department of Lands and Forests, Forestry Department charged four local men with burning brush illegally and they were all fined \$25.00 and costs.

Under Town Bylaws one man was charged on three counts. Failing to stop at a stop sign, failing to stop for a police officer and for having no horse trailer license; He paid a total of \$51.00 on the three infractions. Speeding in town cost another driver the sum of \$20. and costs.

For illegally conveying liquor in a vehicle a Drayton Valley man and a Calgary man were each fined \$25.00 and costs in two separate charges. Two other men were fined on a separate charge of causing a disturbance on which they were fined one dollar and costs, and both were charged

them with damage to property, on which charges they were fined \$15.00 each and ordered to pay \$12.50 restitution for the damaged property.

Staff Photo

The above picture was taken of Dr. and Mrs. Brooks on the eve of their departure from Drayton Valley to take up residence and practice in Sherwood Park.

The picture was taken in the Cardium Room at the close of the farewell Banquet.

## TOO MUCH

Imports of finished manufactured goods have been calculated at per capita rate of \$28 per year in the U.S., \$40 in the U.K. and \$32 in Canada.

# LET'S BUILD A SWIMMING POOL

## THE Editor's Viewpoint

We have said it before and we say it again. It would seem that the time has come to make preparation to build the swimming pool in Drayton Valley. The Municipal Grant for recreational purposes has been allotted and the deadline for its use is not too many months away, as it has to be used before a certain specified time. So far as general opinion in Drayton Valley regarding the use of the municipal recreational grant is concerned there are two main items (1) that a swimming pool be built with the money, and (2) that a civic centre be built.

The recreational grant which is given on a per capita basis is \$35.280. If the town builds a swimming pool they will receive an additional \$7,000 for a total of just over \$42,000. Figures on construction of swimming pools range all the way from \$40,000 to \$90,000. Jasper Place recently announced plans to build a new covered swimming pool. Estimated cost of the covered pool was \$90,000, which is quite expensive for a covered pool. A recent picture taken at the Jasper Place swimming pool showed a long line of children who were unable to get into the pool because of crowded conditions.

Apparently the majority of the citizens of this town favor the use of the grant to build, or to make an initial start on the building of a swimming pool rather than a civic centre. Of course, the centre also has its adherents. Both groups will soon have a chance to state their opinion. Members of the Recreation Board are preparing a printed form, which will be taken around among the citizens of Drayton Valley very soon, asking whether they favor the building of the pool or the civic centre.

Other towns, no larger, and many much smaller than Drayton Valley have already built their swimming pools, or are at present working on the project. Some have built them entirely on their own, apart from any municipal grants, raising the money almost entirely by public donations and projects by service clubs and civic groups.

We are told that the money made by the service clubs in the recent very successful Edson Rodéo had been earmarked for their swimming pool. Surely if other towns can do it we can do it also. Certainly the need is here, particularly among the youth of the town and district who will benefit very much by the building of a swimming pool in Drayton Valley.

The time to get on with it is now. If the decision is made to start construction on the swimming pool, initial work on it could be started under the Wilson-Wheeler program, for additional aid in

building, aside from the provincial municipal grant.

We have already had several tragic drownings this year in this area. Perhaps the swimming pool wouldn't entirely do away with all drownings, especially among young children, but it would certainly go a long way in removing many of the dangers of swimming in rivers and ditches.

The columns of this paper, as open to any who wish to air their views in "Letters to the Editor", regarding this vital matter. Whether you favor the building of the swimming pool or some other use of the recreational grant money allotted to this area, feel free to write and state your views. We feel sure the town fathers will be guided accordingly.

## From Scoop's Notebook

Pretty Wynona Wright, fourteen years young, from Matamoras, Saskatchewan is visiting her aunt Mrs. Ruth Brown, wife of the rector of the Anglican Church in Drayton Valley. Wynona's mother, (passed in Rush Brown) barbro. David and her three sisters, Naomi, Wanda and Myra were visiting for a while, but returned to Saskatchewan. Wynona will visit in the Brown household until school starts.

Vicki Zucht's brother, William Donaldson, with Mrs. Donaldson and family were visiting with Vicki and Henry recently. The Donaldsons have been residing in Vancouver and are soon leaving for New Zealand as immigrants to that "down under" country.

George Lane, of the local Treasury Branch bank, left on Tuesday for his holidays. He will make good use of the vacation time by getting married to a lovely young lady, by the name of Miss Marjorie Mason, in Gran- Alberta. Miss Mason is a graduate of the University of Alberta, with a B. Sc. degree; after her marriage to George he will teach Home Economics in the Drayton Valley High School, for the coming school term. The young couple plan to honeymoon in the Coast D'Alene islands in northern Idaho.

Emile Lindskoog's sister, Mrs. Doris Acheson, with her husband, Stewart Acheson and a friend of theirs, Cecil Homer, all of Medicine Hat, recently visited Emile and his family at their farm west of Rocky Rapids, for a five day visit.

The Lindskoogs and the Achesons and other friends took advantage of our very fine river side park at Bayfield, among other sightseeing in this district.

Neville and Angela Gallimore have been in Drayton Valley for the past few weeks visiting Christian books. They have been rooming at the Karl Wahl. Both were born in Jamaica. Neville's father is a member of the Jamaican House of Representatives.

They have been studying at the Seven Day Adventist Union College in southern California, where Neville studied for missionary medical practice and Angela prepared for her chosen career of teaching. When they leave Drayton Valley they will return to California and then will go to Guadalajara, Mexico where Mrs. Gallimore will teach and Dr. Gallimore will do medical work.

\*\*\*\*\* Congratulations to Mr. and Mrs. Carl Gaudin on the arrival of their fine son, Lance Williams who was born in University Hospital. The young man arrived 8 lbs. 1/4 oz. on arrival, but had put on lots of weight since then.

The little old lady on the bus was anxious not to pass her destination. Poking the driver with her umbrella, she asked, "Is that the First National Bank?" "No, madam," the driver replied. "That's my job."

Cowboys who can't go a "rodeoing on account of mud and snow mud, and rain, followed by more rain, stand in front of the Drayton Valley Hotel looking bored stiff. The camera also caught a local citizen mixed in with the cowboys. Buster Quin. One of the cowboys shows his boredom with a heavy yawn.

## WHO ORGANIZED THE DUNKER EVACUATION?

An outstanding general, who was to become a Governor General of Canada, organized the famous evacuation from Dunkirk in 1940. He was General Alexander who, in company with Montgomery, was later to plan the great attack at El Alamein, which proved to be one of the turning points of the war. In 1944 he was appointed commander-in-chief of the Allied armies in Italy and prom-

oted to the rank of field marshal. Alexander was appointed Governor General of Canada in August 1965, a position he filled, until early 1962, when he returned to the United Kingdom to become minister of national defense.

Later that year he was created Earl Alexander of Tunis.

Finally spark plugs can waste as much as one gallon of gasoline in every 10, according to General Motors service engineers.

## GYMKHANA COMPETES IN EDMONTON

LOCAL GROUP MAKE A GOOD  
SHOWING

This past Sunday, the Larar  
Gymkhana Club met with riders  
of 7 other Edmonton district Gym-  
khana Clubs, for the elimination  
trial, held at the Fort Trail  
Club grounds. These trials were  
run off to determine the 15 top  
riders in each of the major events.  
These riders will now compete  
in the finals for the Champions-  
hips at the Edmonton Gardens  
on Labor Day, September 4th.

felt that with the experience be-  
hind the other groups, our people  
made a really tremendous show-  
ing.

Following are the events to be  
run off at the Gardens and the  
local riders who will compete.

Flag Picking - Adults - Babe  
Brown, Ken Stuart and Lou Mar-  
lock.

Helpful Hands - 11-14 - Lydia  
Caffree and Glen Swenick.

Barrels - 19 & Under - Betty Mc-  
Callagh.

Poles - Adults - Corrine Dix,  
Babe Brown, Dalton Brown and  
Chiff Whittick.

Stakes - 11 - 14 - Margaret Mc-  
Callagh and Lloyd Marlock.

## DAVID AUGUST ALLEY OPENS

Drayton Valley's new bowling  
alley, the Twilight Bowl, under  
the management of Rod Gervais  
opened this week. This fine  
building is a credit to the com-  
munity. Five alleys will serve  
bowlers of the community and a  
lunch counter has been installed  
for the convenience of the bow-  
lers. The lunch counter is run by  
Rod's sister, Pat. The building  
is 35' x 117' and cost almost  
\$25,000, to build. It was built  
by Bichholz Construction.

League play will start on Sep-  
tember 11th. Rod says that bow-  
ling should get their name in be-  
fore that time if they wish to  
play in the leagues.

On Friday, August 25th, a pre-  
season party and dance was held  
for bowlers in the Hall, with  
Valley Rhythms supplying music  
for the occasion.

## BALL TOURNAMENT

PANTHERS WIN P.V. BASEBALL  
TITLE

By Mike Gormley

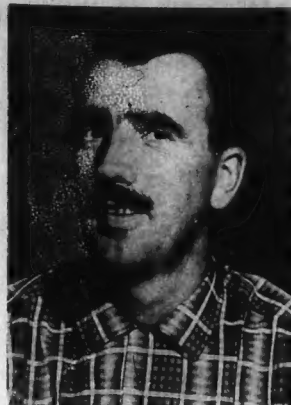

The Pee Wee Baseball Tourna-  
ment held here last Saturday  
seems to have been in all re-  
spect quite a success. The tourna-  
ment was held to decide the  
community championship at the  
Pee Wee level. All six local  
teams playing in the local league  
during the past summer took  
part in the merry-go-round.

The Panthers coached by Joe Hud-  
sal came out of the muck in on  
top and carried away the Steven-  
son Trophy for their efforts. The  
trophy donated by Lorne Steven-  
son will be up annually for Pee  
Wee contention. The Panthers  
made it three straight as they  
downed Herb Pollock's team 1-0.

Frank Payne was born on a farm  
near Youngstown, Alberta. He  
graduated from high school in  
Youngstown and then went to  
Calgary where he eventually  
went into the mining business,  
working out of Calgary. In 1961  
he went to work for Imperial  
Canada, working for them all  
over Alberta and Saskatchewan,  
coming to Drayton Valley from  
Edmonton, Saskatchewan in the  
spring of 1961. He is employed  
by Towell as a sales engineer.

He was recently transferred by  
his company to Fort St. John.

## District Personalities

FRANK JAMES PAYNE

Photo By Curt's Studio

B.C., and left for that place early  
this week, accompanied by his  
family.

Interested in community affairs  
he was a member of the Lions  
Club where he was currently serv-  
ing as vice president. He was a  
hardworking member of the Lions  
Board Committee. He served the  
United Church as chairman of the  
Board of Stewardship. Mr. Payne  
served the Home and School Asso-  
ciation as treasurer. He was also  
a member of the Drayton Valley  
branch of the Masonic Lodge.
